

# **ImpactTN: Train-the-Trainers Session Two**

# Introduction

- Purpose of today's training
- Train the Trainer Model
  - Actively participate in today's training
  - Prepare a plan to redeliver to your teachers, principals, and other instructional leaders

# Three Training Sessions

- ImpactTN: Introductory Session
- **ImpactTN: Using and Analyzing ImpactTN Data**
- ImpactTN: Goal Planning and Monitoring Using ImpactTN

# Objectives

- Identify what specific data is included in ImpactTN
- Identify potential uses of ImpactTN data
- Learn how to use and analyze the ImpactTN data
- Identify potential ways ImpactTN can be utilized as you move forward.

# Norms

- Be present and engaged.
- Be respectful with your use of technology.
- Be reflective and solutions-oriented.
- Be mindful of the time and respectful of transitions.

# Today's Agenda

- Introduction/Background Activity
- General Overview to ImpactTN
- ImpactTN Data Overview
  - Attendance Data
  - Discipline Data
  - Grades and Credits Data
  - TN State Standardized Assessment Data
- Reflection
- Complete Evaluation Form
- Mastery-Follow-Up Activity

# How are you currently accessing data?

Current Uses of Data	Student Attendance Data	Student Discipline Data	State Standardized Assessments	Grades & Credits
Types and formats of data				
When is the data used?				
How is the data used? (for what purposes)				
Who uses the data?				

# Using and Analyzing ImpactTN Data

The purpose of this session is to provide an overview of how ImpactTN data can be used and analyzed by Tennessee educators. The session will cover what data is included in ImpactTN, potential uses of the data, and how to use and analyze the data.

# Overview of Data within ImpactTN

- District and School Specific Information
- Data from SIS Vendor
- Student Performance on State Standardized Assessments

# District and School Specific Information

- Contact Information
- Administration
- District Characteristics
- Student Demographics
- Other Student Information
- Students by Programs and Levels
- School List
- Goal Planning
- Staff List
- Teacher List
- Students by Grade
- Student List

# Data from SIS Vendor

- School Demographic Information
- Individual Student Information
- Student Attendance
- Discipline
- Classroom Grades and Credits
- Grades below C
- Failing Class Grades
  - Secondary
- Failing Grades
  - Primary
- Course Information

# Student Performance on State Standardized Assessments

## TCAP Assessment Performance

- Mathematics
- Reading/Language Arts
- Science
- Social Studies

## End-of-Course Performance

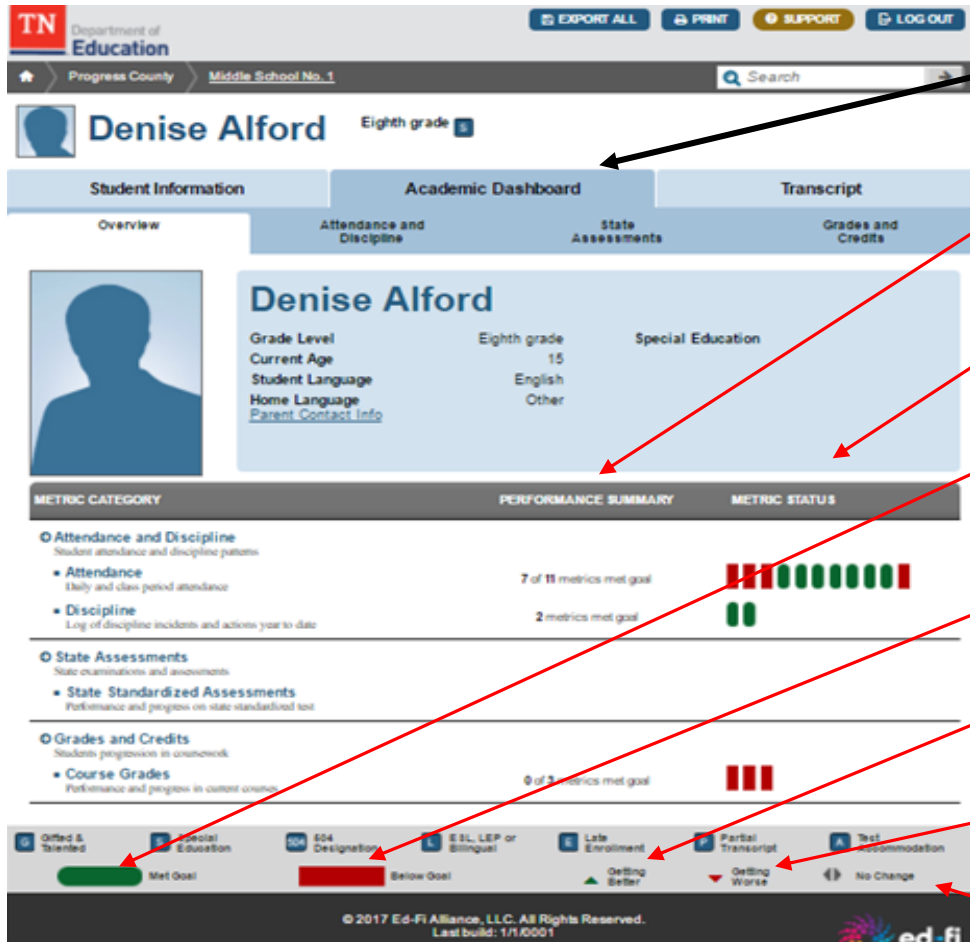

- Algebra I, II, III
- Integrated Math I, II, III
- Geometry
- English I, II, III
- Biology I
- Chemistry
- World History

## **Overview of Potential Uses of ImpactTN Data**

# Potential Uses of ImpactTN Data

- Monitor student performance and progress at classroom, school, and/or district levels.
  - Attendance
  - Behavior
  - Grades
  - State assessment results
- Identify at risk and/or low-performing students and plan behavioral and instructional supports.
- Assist in data-based decision-making and continuous improvement.
- Planning and setting goals.

# How Can I Use ImpactTN Attendance Data?

# How can I Use ImpactTN Attendance Data?

- From the Academic Dashboard tab, click on “Attendance and Discipline’ tab.
- Review the district or school performance on attendance.
- Identify the number and percentage of students with the following absences.
  - Students who miss 20% or more of school year
  - Chronically Absent Students (miss at least 10% of school year)
  - Students who miss 6-9% of school year
  - Students who miss 5% or less of school year

# Attendance Data

Categories of Absences	District or School Goal	Difference from Goal	Percentages of Students	Student Attainment (# of Students)
Students who miss 20% or more of school year				
Chronically Absent Students (miss at least 10% of school year)				
Students who miss 6-9% of school year				
Students who miss 5% or less of school year

## **How Can I Use ImpactTN State Assessment Data?**

# How Can I Use ImpactTN State Standardized Assessment Data?

- Review the ImpactTN State Standardized Assessment.
- What is the data telling you?
- Are there any gaps between goals and current results?
  - If yes, what gaps are evidence between goals (school, district) and current results?
  - Who is affected by these gaps?
  - What could be contributing to these gaps?
  - What are potential causes for these gaps?
  - What patterns do you see?
  - What are the implications for next steps and actions?

The logo consists of a red square containing the white letters 'TN' in a bold, serif font. Below the red square is a thin, dark blue horizontal bar.

**TN**

®

# **Reflection and Evaluation**

# Reflection and Evaluation

- The purpose of this training session was to provide you with an overview of how you can use and analyze ImpactTN data.

# Reflection and Evaluation

- Delivers relevant, timely and actionable student data back to educators to continually improve performance.
- Is a “one stop shop” for student data – bringing together student information from multiple sources.
- Requires no additional data input.
- Is user friendly and accessible from any location.

# Reflection and Evaluation

- How can you apply ImpactTN in your districts and schools?
- What would you like to learn next with ImpactTN?

# Remember Next Session

- ImpactTN: Goal Planning and Monitoring Using ImpactTN
  - The purpose of this session is to assist educators in learning how to use ImpactTN in planning, setting, and monitoring performance goals at the district, school, teacher, and/or students levels.

# Mastery – Attendance Work

- Explore the use of the ***Attendance Works*** step-by step guide: How to Conduct a Successful Data Analysis
- Step 1 – Find Out What Data is Available
  - Do you collect attendance data electronically?
  - Do you track just average daily attendance for the school or look at the number of absences for each students?
  - Do you analyze patterns of attendance?
  - Does your data system track the attendance for each student using a unique student identifier?

# Mastery – Attendance Work

- Step 2 – Crunch the Data
  - If the data and the capacity exists, then district staff should be able to generate an analysis that shows the number and percentage of students who are chronically absent at each school and for each grade.
  - Attendance Works has free resources to help assist in calculating attendance data.
    - **[www.attendanceworks.org](http://www.attendanceworks.org)**

# Mastery – Scenario A

***Scenario: Teacher reviewing ImpactTN data before an informal call home or parent conference.***

- Teacher identifies a potential student that he/she is worried about in his/her classroom.
- Teacher logs into ImpactTN.
- At Teacher view, teacher clicks on student's name.
- Teacher reviews student's attendance.
- Teacher reviews student's grades.
- Teacher reviews student discipline.
- Based on the data, describe the conversation you would have with the parent.

# Mastery – Scenario B

## ***Scenario: Teachers collaborating using ImpactTN data.***

- Identify students who are at-risk of not passing a grade.
- Identify students who are at-risk of not passing a grade.
- Teacher identifies a potential student that he/she is worried about in the classroom.
- Teacher logs into ImpactTN
- At Teacher view with list of students, click “Customize View” to add the column “Grades below C”.
- Select students from all sections under student list.
- Click on # Grades below C to sort students from highest number of failing grades to lowest number. (Primary – failing grades and Secondary – failing grades)
- To review more specific information on each student, click on the student’s name.

# Remember Next Session

- ImpactTN: Goal Planning and Monitoring Using ImpactTN
  - The purpose of this session is to assist educators in learning how to use ImpactTN in planning, setting, and monitoring performance goals at the district, school, teacher, and/or students levels.
